Jim Finn (Vice-Chairman ConCom)

Karl Dubay (Dubay Group)

Paul Carideo (Dubay Group)

James Darrah (Lynch Construction)

Meeting called to order at 6:00 PM. The 29 acre parcel was walked with particular emphasis on the proposed Stockpile Area A. This area was professionally silt fenced throughout and has a 200 ft. buffer surrounding it. This stockpile area will be approximately 90,000 sq. ft.. The material to be stored is previously processed and will remain on the site for future use. The material will be clean, containing no debris or other deleterious materials. Based on this information the Conservation Commission has no objections to Stockpile area A.

Meeting adjourned at 6:50 PM
