The Board reviewed a request for rehearing of case #55-2003. The Board discussed the request point by point to see which points were correct statements of fact and if there were any points that compelled us to rehear the case. The Board did not agree with all of the points presented in the request.

Georges Roy motioned to deny the request for rehearing as the applicant presented no new evidence and there was no evidence of a technical error by the Board. Al Souma seconded the motion. Al Souma, Georges Roy, Chris Doyle and Rob Gustafson voted to deny the request for rehearing. Kara DiFrucia voted to abstain.

Al Souma motioned to adjourn at 8:30 PM. Georges Roy seconded. Passed unanimously.
